

Triangle Centre Newsletter
December 2019

Dear Friends

Warmest greetings and blessings as we approach the annual festive season.

We trust this finds you well with the hope you are able to remain positive in a world full of change and challenge. Humanity has the knowledge, skills and expertise to solve all its problems, we just lack the will and courage to implement – every action begins with a thought. It is in the realm of mind that our immediate work must begin.

To this end we bring you links from groups we are aligned and partner with in the particular way of working that has been prepared for us by our predecessors, whom we acknowledge with deep gratitude: the founders of the Triangle Centre, and the great thinkers and seers that inspired them and continue to inspire us.

Central to our work is the philosophy and teachings promulgated by Alice Bailey from her work with the Tibetan Master, and now continued by the [Lucis Trust](#).

In line with the Work, we are now approaching a key moment in time with the imminent arrival of the [Festival Week of the New Group of World Servers](#), starting on the 21st of December and running till the 28th December. All who love humanity and the Earth and who express that love through lives of active service form one group in consciousness: the New Group of World Servers. Meditators from around the world will be invoking energies of light, love and spiritual power from the higher worlds; and evoking response to these energies from the New Group of World Servers. Clicking the link above will provide you with the information and opportunity to [participate](#) in this global week-long event which occurs every seven years. We fully encourage you to explore this opportunity to contribute to the greater good of All and look forward to participating with you. Please email us if you are going to be in our physical locality in Paekakariki and wish to meet for meditation.

We will be linking with you during this time on the mental plane, as well as other co-workers such [Sydney Goodwill](#), [Intuition In Service](#), [Operation Peace Through Unity](#), and the Lucis Trust itself.

Speaking of which, we are excitedly hopeful at the prospect of a visit in spring next year by Christine Morgan, President of the Lucis Trust. We'll let you know more when we have definite details to share.

In the same vein as the Festival Week is the [Global Silent Minute 2019](#) at 9pm on the 21st December London GMT which you may be interested to participate in.

Also visiting our shores (as he frequently does) will be William Meader in March next year. William is steeped in the ageless wisdom teachings and offers a very down to earth and easily understandable approach to the inner path. Check out his [website](#) which has much information on a range of esoteric subjects including details of his upcoming visit.

The Book Shop - Sale:

Last year we were very successful with our book sale and we are pleased to let you know sale prices still apply on the remaining books in stock – see our [Retail Book Pricelist](#). We have reduced prices to cost or less so as to move stock on from our shelves out to where it can more usefully make a difference to the lives of you, our readers. Please take advantage of this offer which is our pleasure to make available to you. Not only are the books at unbeatable prices, we'll post to you at no extra cost within New Zealand.

The Library:

Please feel free to view the catalogue on our [website](#). We look forward to serving you with easy access to our wide selection of nearly 900 books; you are totally welcome to borrow a book. When you place a book request (by snail mail or email) we will provide you with our bank account number for you to make a deposit of just \$5 to cover postage. We will then send you your book request and ask that you return the book by the due date (loan period one month). When you make a bank deposit please insert your surname and phone number in the reference fields. Alternatively, you may just be local, in which case please phone 04 902 1667 or 027 464 6933 or 027 289 1422 or email information@trianglecentre.org.nz and we will be in touch and arrange to rendezvous at the Centre.

Solar Fire Festivals at the time of the full moon:

Meditation meetings for world service will be held at the Centre, 124 Wellington Road, Paekakariki at 7.30 pm. Wherever possible meetings are held in the 18 hours prior to the full moon – therefore some meetings are held on the day before the full moon. The full moon marks the time each month when the impact of the divine energies of Light, Love and Power are at their peak and can be registered by us as a group and radiated into human consciousness. The calendar for 2020 is here at: <http://www.trianglecentre.org.nz/festivals.html>

Loving Blessings

Co-workers
Triangle Centre
